Halifax, NS | 902-221-0558 | nikobentley@gmail.com

Objective

Newly graduated software developer passionate about expanding my knowledge and experience with new languages and systems.

Education & Technical Skills

NOVA SCOTIA COMMUNITY COLLEGE | DATABASE APPLICATION DEVELOPER | 2015 – 2017

Application development in Java and C# • Database management using SQL • Data ETL using Oracle and PL/SQL • Project management • Web development using PHP and Laravel

Past Work Experience

SOFTWARE DEVELOPER | BLUELIGHT ANALYTICS | JUNE. 2016 – PRESENT

- Maintaining the web portal using PHP and Phalcon,
- Managing databases in MySQL and SQLite,
- Developing cross platform mobile applications using Xamarin and C#.

LINE COOK | SMITTY'S | SEPT. 2014 – OCT. 2015

- Preparing items such as: omelet mixes, sausages and chicken, frying bacon, mixing pancake batters, and portioning sides.
- Cooking the meal to perfection in a quick and clean manner, while making sure my work area was clean and continually stocked.

CREW TRAINER/MAINTENANCE | MCDONALD'S | DEC. 2013 – AUG. 2014

- Various duties encompassing most of the positions in the restaurant including the role of counter attendant
- Taking customer orders (in person, and over the headset), and dealing with monetary transactions (cash, debit, and credit)
- Organizing the food and bringing it to the customer, cooking the meat products and building the sandwiches or wraps
- Cleaning the ice cream machine once a week, doing as needed cleaning on the fryers
- Training new staff on proper safety and procedures.

Accomplishments

- Responsible for minimizing productivity loss during peak rush periods with proven, and tested efficiency improving ideas.
- Acted as the grill supervisor when none were present - made sure stock levels stayed topped off, directed colleagues and made sure all evening priorities were set
- Helped set a store record for quickly, and efficiently unloading and putting away the new stock from the truck.
